

# ClearLine

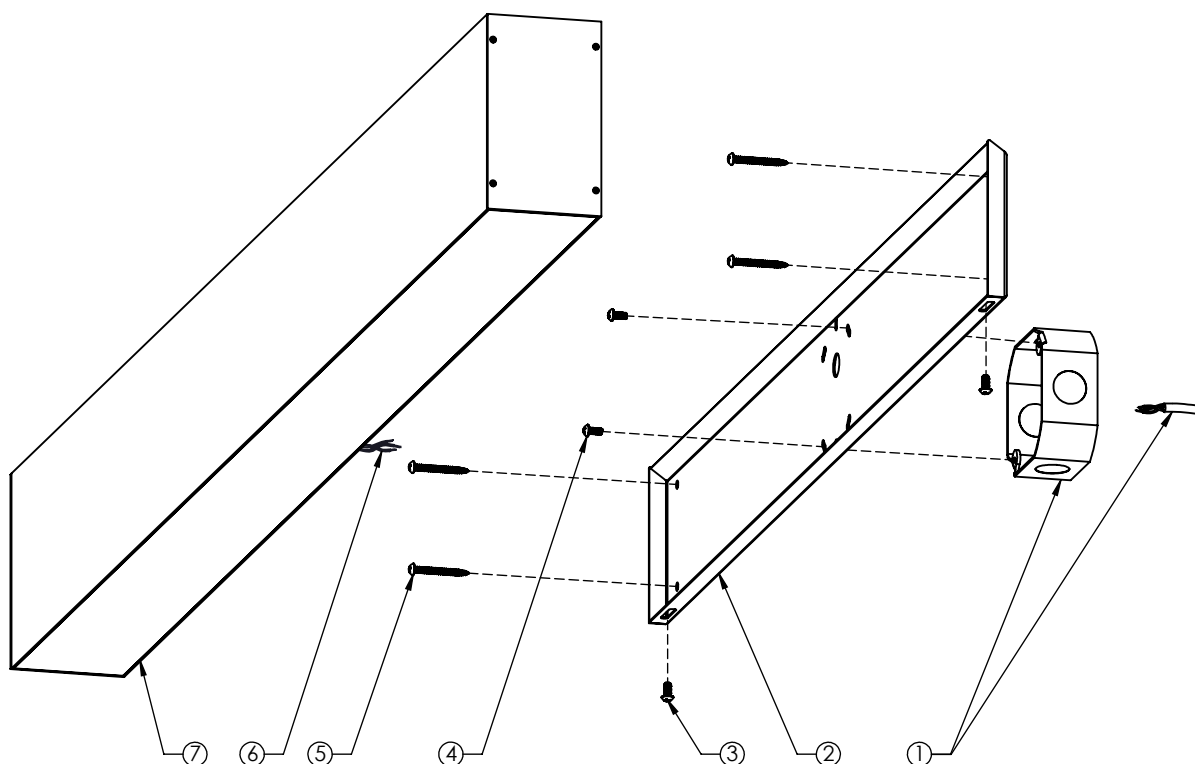

WALL

## INSTALLATION INSTRUCTIONS

1	4" Octagon box and power feed (by others)
2	Mounting panel
3	Fixture housing mounting screws (x2)
4	Mounting screws to octagon box 8-32 x 3/4" long, round head (by others)
5	Additional mounting hardware (provided)
6	Fixture power wires
7	Fixture housing

**NOTE - Remote driver:**  
- If required, installed by others  
- Connect wires accordingly

### INSTRUCTIONS:

1. Unscrew fixture housing mounting screws and remove mounting panel from fixture housing.
2. Bring the electrical power feed through the hole in mounting panel, secure mounting panel to the octagon box (screws by others) and to the wall using hardware provided. If octagon box is not available, secure mounting panel to the wall using additional mounting hardware provided.
3. Splice the fixture power wires and power feed as required and secure fixture housing back into place.  
Wires for connection are clearly labeled.
4. Energize.

### GENERAL NOTE:

- \* Turn power off before beginning.
- \* Do not connect to an ungrounded supply.
- \* Consult a qualified electrician to ensure correct branch circuit conductor.
- \* This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.
- \* Save these instructions.
